

Secure. Effortless. No Extra Devices Needed

DEVICELESS FACE RECOGNITION

Empower your institution with advanced face recognition that requires no additional hardware. Simply register users once, and attendance is automated through your smartphone camera.

No Additional Hardware

No need for extra devices—use just your phone's camera for secure identification.

Effortless Attendance

Attendance is marked instantly as users enter or leave, reducing manual effort.

Cost-Effective

Eliminates the need for biometric devices or additional systems, keeping costs down.

Easy Registration

Quickly register faces once, and it works automatically thereafter.

High Accuracy & Security

Leverages advanced facial recognition AI to ensure reliable, secure identification.
