Embedded AI in every solution and every module

"It's not just about the functionalities we offer; Rather it’s our ability to DELIVER the features you wished you always had."

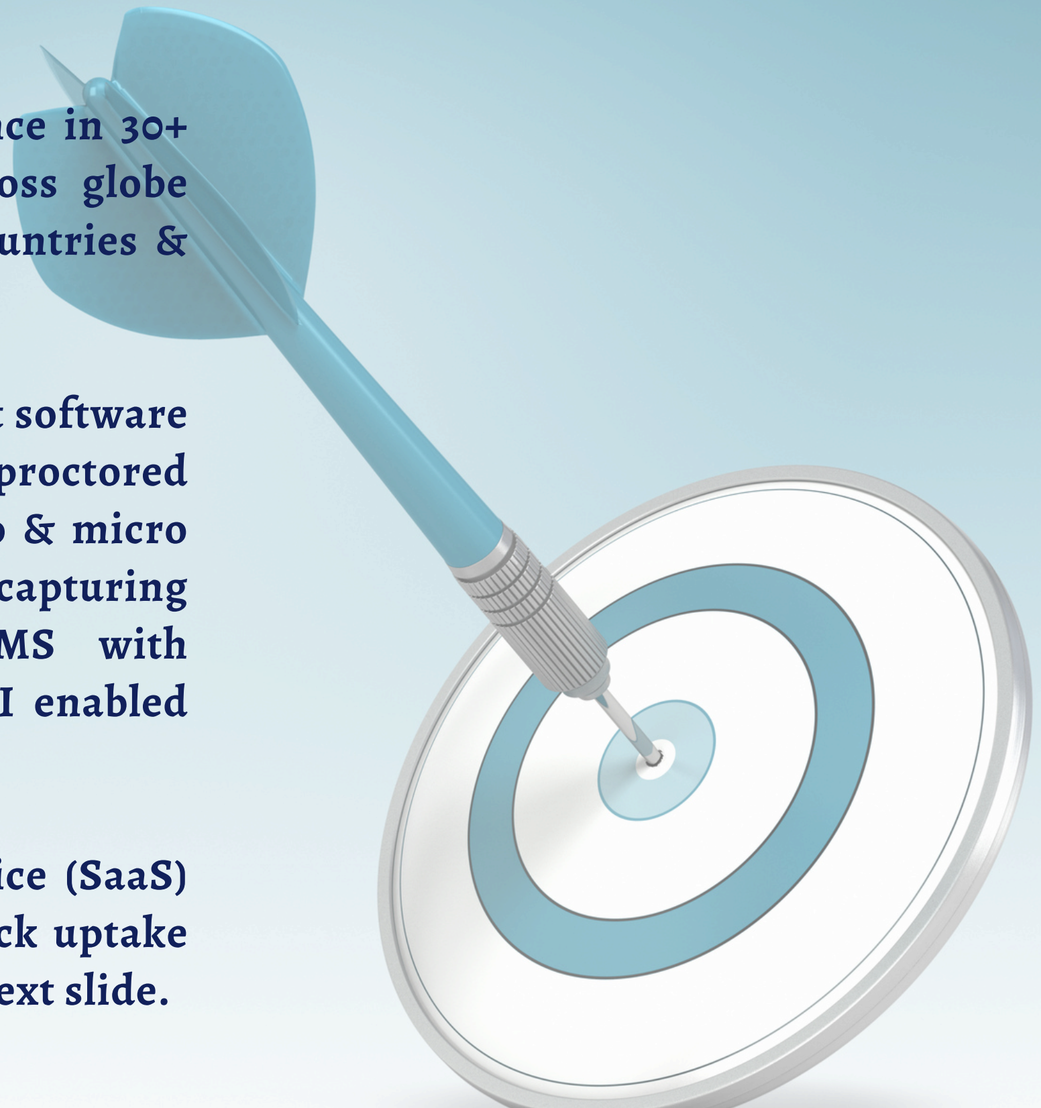

Company Profile

- K One Ventures is a dynamic Technology Services Start-Up, officially recognized by the Government of India (DIPP12489), founded in February 10th, 2016.

- Within a short span of 8 years we have grown our presence in 30+ cities in India and spread along different countries across globe mainly in Middle East (UAE & Qatar), Turkey, African Countries & North America.

- It Interests in multiple verticals like Education Management software for School (k12 segment), Colleges, & universities, AI proctored Online testing with rich and exhaustive report with macro & micro analysis, PVR (Personalised Video Results) - a holistic tool capturing student's 360 degree overview, School specific HRMS with recruitment module and teachers appraisal system and AI enabled Timetable automation.

- Our key differentiators are our unique Services as a Service (SaaS) model, exceptional user interfaces, and rapid support, quick uptake of AI has helped us garner a premier list of clients as in the next slide.

Our Vision

To be a trusted and a leading popular household name in education management software with the best User Interface (UI) & User Experience (UX), AI- Enabled cutting edge features and functionalities.

Our Mission

To drive penetration of our software services among discerning customers by winning on quality through superior services, innovative features, exceptional UI & UX design, and extensive use of AI. We are dedicated to providing top-notch educational management solutions that meet the highest standards and exceed customer expectations.

Our Values

i. Commitment. ii. Passion. iii. Seamlessness
iv. Customer Empathy v.Speed

Customer Empathy

Customer Empathy, our most cherished value, it's essence captured in the below three points:

1. **Service Edge**: On-premise School Associate, Dedicated account manager, 24x7 customer care
2. **Customisations:** Active Customisations in software to align with client's existing workflow.
3. **Tech Adoption:** Constant Upgrades, New Modules & developments, continuous infusion of latest Technologies.

Website: www.koneventures.com | Address : O-Hub, Start-Up Odisha, Patia, Bhubaneswar | Phone : +91-9092005250

Our Values That Makes Us Different

Customer Empathy reflects in the following 3 critical attributes of our service

Service Edge

- On-premise School Associate
- Dedicated account manager
- 24x7 customer care

Active Customisations in software to align with client's existing workflow.

Constant Upgrades, New Modules & developments, continuous infusion of latest Technologies.

Some of Our Clients

Seth Anandram Jaipuria Group, UP

A Group with DIVERSITY and LEGACY Education since 1945 with over 3 schools and 15 franchisee schools.

Bishop Cotton School, Shimla

It is the oldest boys public residential school in Asia. It is one of most coveted name in boarding schools of India.

Olive International School, Doha

International school chain with 5 schools operating in Middle East.

World Skill Center, Bhubaneswar

The World Skill Center (WSC) is a premier advanced skill training institute established by the. Government of Odisha, Skill Development and Technical Education.

KIIT Univeristy, Bhubaneswar

Largest Private Deemed University of Eastern India with 25K + students and 20+ college campuses.

Sadhu Vasvani International School, Mumbai

One of the reputed and premium group of schools in western India with properties over 10 cities

ODM Group of Schools, Bhubaneswar

Ranked No. 1 CBSE School in Odisha by the Times School Ranking Survey 2023 and one of the top CBSE schools in Bhubaneswar.

Narayana Group of Schools

One of the oldest and a leading contender for the title of best school in India.

Our Key Offerings

SchoolBellQ*

SchoolBellQ Services, a unit of K One Ventures LLP, is a tech startup focused on enhancing communication between parents and schools. We automate school operations and provide cutting-edge solutions for real-time, efficient communication. Our services are available on two platforms: a Parents Website and a mobile app (Android & iOS).

PVR (Personalized Video Results)

"PVR," a holistic tool that encapsulates a student's year of achievements in a captivating, personalized video. This comprehensive video showcases the student's journey across academics, extracurricular activities, sports, events, and comments, providing a complete view of their progress and accomplishments. Impress parents with this unique and engaging portrayal of their child's performance.

HR Infinity (School Centric HRMS)

HRMS designed to automate personnel transactions and streamline HR operations. It includes a Real-Time Location-Based Attendance System with facial recognition for touchless employee management, utilizing GPS coordinates for accurate tracking. The system consolidates reviews and appraisals, allowing scores to be calculated based on inputs from multiple sources. Additionally, it offers custom design options for appraisal periods, frequency, and components, making it highly adaptable and practical for any organization.

Take Any Test

Our online test solutions feature AI-based auto-proctoring, which can be activated at any time. The system generates randomised tests from a question bank, ensuring different question papers while maintaining consistent standards. Our AI engine verifies the user's face, detects movements, sounds, and potential violations like multiple faces or open tabs, and alerts the examinee of any issues.

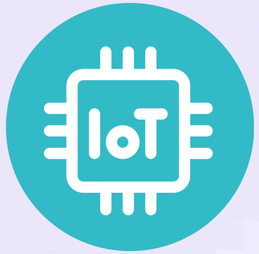

AI Enabled Timetable Solution

Timetable Automation simplifies complex scheduling by handling last-minute teacher absences and leaves effortlessly. SchoolBellQ's powerful module offers seamless scheduling, easy workload distribution, proxy and leave management, and enhanced reporting and analytics. Users can input class schedules, assign teachers, and manage practical sessions, with automated and manual substitute assignments available. The system ensures accurate data entry and provides efficient conflict resolution.

IOTs

Our capabilities include integrating RFID cards, biometric attendance systems, and live bus tracking via GPS for efficient school operations. We also offer IoT-based solutions like smart plugs for heavy load, smart home automation, smart locks, irrigation systems, hydroponics, healthcare monitoring, and livestock management. With a focus on Industry 4.0, we ensure innovation, enhanced functionality, and intelligent control across sectors.

Website: www.koneventures.com | Address : O-Hub, Start-Up Odisha, Patia, Bhubaneswar | Phone : +91-9092005250

AI ChatBot

Turn your dumb ERP into an intelligent one — the AI built into SchoolBellQ that answers your school's questions in plain language.

- **Ask, don't dig** — type a question in plain language and get an instant answer, no dashboards or exports needed
- **Grounded in live data** — every response pulls straight from your school's real, current records
- **Class-by-class comparisons** — see exactly which class needs attention, with real headcounts, not just percentages
- **Trend and day-wise insights** — spot monthly patterns and get a full day-by-day breakdown in seconds
- **Built into SchoolBellQ** — no separate tool to learn; works natively across admissions, fees, attendance, transport and academics
- **Speaks your team's language** — guidance and answers in Hindi or English
- **One assistant for every stakeholder** — principals, trustees and admin staff all get the same instant, accurate answers

SCHOOL SPECIFIC HRMS

AI IN HR

HR – Infinity

From Recruitment to Retirement.

Powered by AI. Built for people. An intelligent HRMS that learns, predicts, and acts — thinking alongside your HR team, end to end.

SCHOOL SPECIFIC HRMS

Employees & Payroll

Attendance & Leave

Recruitment Management

Teacher Performance

Teacher Management

Grievance Management

SCHOOL SPECIFIC HRMS

Automated Process

- Completely automated Recruitment Process
- Vacancy created gets automatically posted.
- Independent applicant portal
- AI matched Candidates with job positions

Recruitment Management

Evaluation

- Scientifically designed CRO forms which is meticulously captures teacher's performance in classrooms and helps evaluate their performance accurately.
- CRO forms vary for profile being evaluated.
- Well composed panelist evaluation forms that get auto calculated once gets filled by each panelist.

Panel Creation

- Position Specific Custom Hiring process which is created by user
- Hiring/Interview Panel Creation

Employee On Boarding

- Automated process for job offerings and section.
- Direct verification from previous employer.
- Dovetailing into an exhaustive and seamless onboarding process with automation of employee onboarding.

SCHOOL SPECIFIC HRMS

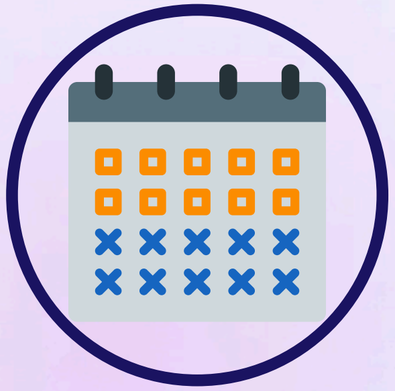

Workforce Planning:

- Aligning Teacher-Student Ratios
- Auto alert on low ratios for the specific section

Teacher Appraisal:

- KRA Planning
- Teaching Performance Evaluation through CRO
- Specific CROs for each teaching role (Academic, Music & Yoga Teacher)
- Review Process in academic as well as non academic performances.

Leave Management:

- Captures the impact of leaves on the classes automatically
- Facilitates Class Reallocation for Automated Timetable Adjustments

SCHOOL SPECIFIC HRMS

AI Driven Recruitment Management

Screen. Draft. Follow up. All handled instantly.

Vacancy & Job Postings
Post open roles, set job criteria and manage applications from one screen.

AI JD Drafting
Turns a role brief into a ready JD, toned and leveled automatically.

AI Resume Screening
Scores every CV against the JD, shortlists and flags gaps automatically.

Pipeline Tracking
Follows candidate status end-to-end and schedules interviews without back-and-forth.

AI Reference Outreach
Sends the reference form, chases non-responses, compiles one summary.

Applicant Assessment
Runs structured skill assessments and shortlists with comparable, data-driven scores.

Simple Input. Zero Manual Work

- Role brief & JD basics
- CVs in any format
- Reference contacts
- Job criteria & headcount

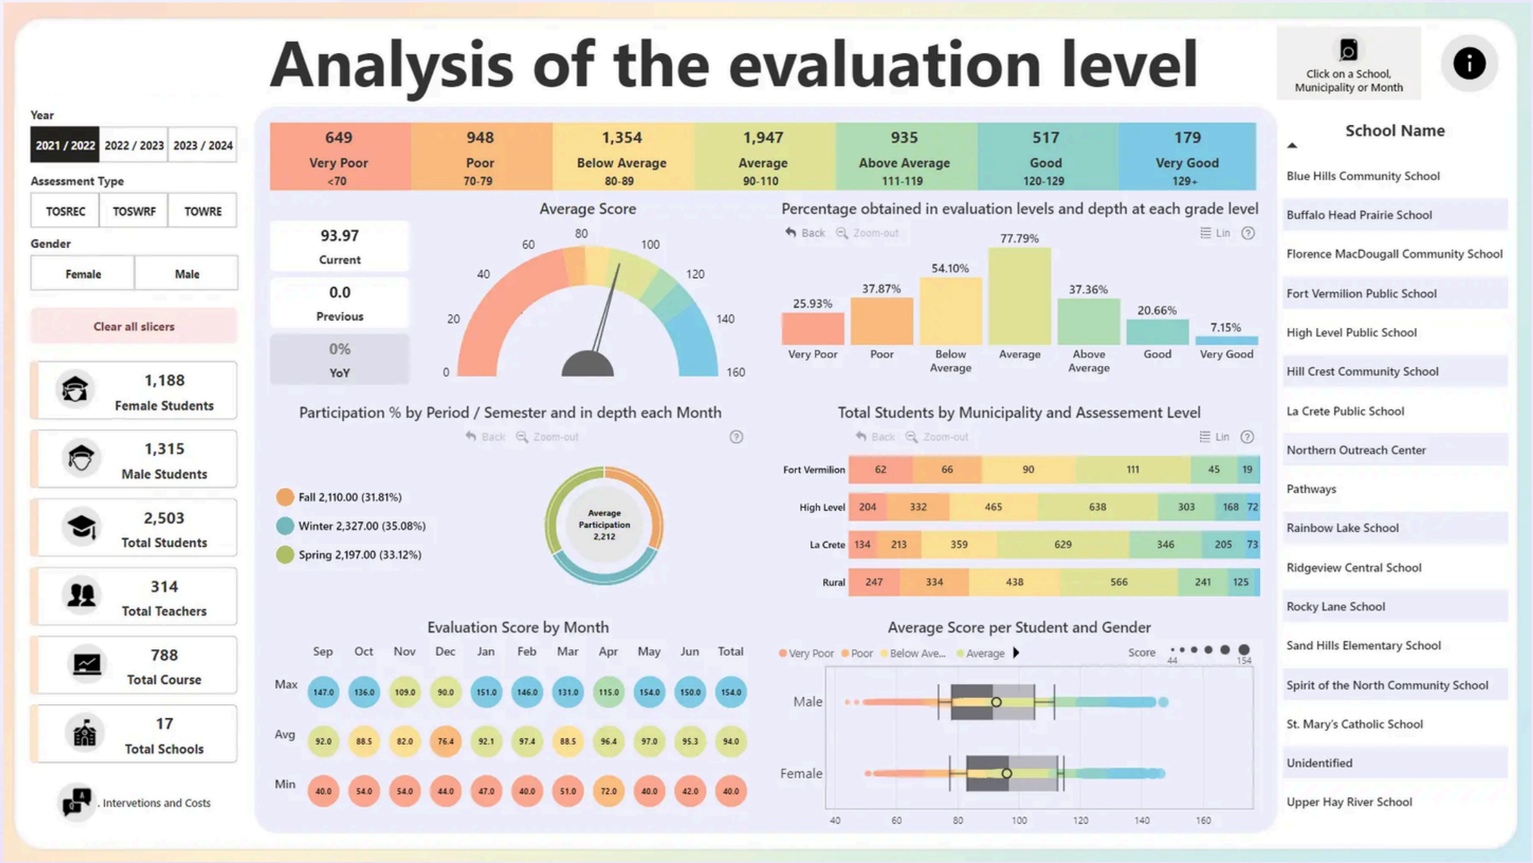

Reliable Output

- ✓ Ranked, shortlisted candidates
- ✓ Ready-to-post JD
- ✓ Compiled reference summary
- ✓ Interview-ready pipeline

Bonus: Faster Time-to-Hire

- Fewer manual follow-ups
- Consistent screening criteria
- Full audit trail per candidate
- Works across branches & school types

CUTTING EDGE FEATURES

Power BI Integration

- **Real-Time Academic & Administrative Insights:** *Access real-time data on student attendance, performance, faculty management, and resource allocation.*
- **Customisable Interactive and Role-Based Dashboards**: *Tailored views for administrators, teachers, and parents, focusing on their specific data needs (e.g., attendance, grades, financials).*
- ***Interactive Performance Tracking:*** *Drill down into academic trends, behavior insights, and financial reports for a detailed analysis of school operations.*
- ***Deep Insights with Multi-Level Data Slicing:*** *Analyze data across multiple dimensions, including class, section, and session, for tailored insights.*
- ***Customisable KPIs:*** *Set and track key performance indicators (KPIs) specific to academic and administrative goals.*

CUTTING EDGE FEATURES

Face Recognition-Based Services (for Students & Staff)

Face recognition-based services offer secure, touchless authentication for streamlined access and attendance tracking. This technology enhances security and convenience, ensuring quick and accurate identity verification.

- **Secure and Fast Authentication**: High-security face recognition for access control and attendance
- **Time & Attendance Tracking**: Improved accuracy in employee attendance tracking
- **Enhanced Security for Restricted Areas**: Face recognition system for secure access control
- **Compliance and Data Privacy**: Features adhere to privacy regulations to protect user data
- **Unified Device for Staff and Student Recognition**: Enables face recognition without the need for separate devices, simplifying setup and reducing costs.
- **On-the-Go Attendance in Buses**: Attendance can be seamlessly recorded on buses using the same device, enhancing convenience and accuracy.

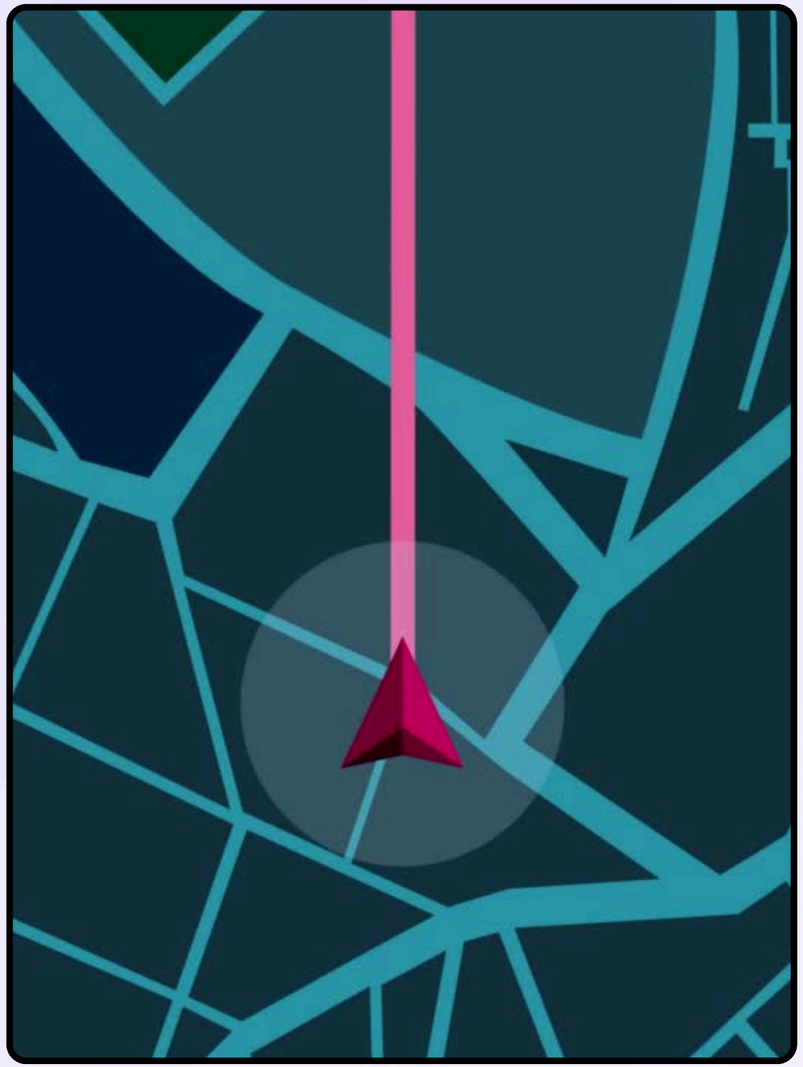

FACE ID SCANNING

CUTTING EDGE FEATURES

Direct GPS Integration without Google API

Direct GPS Integration without Google API provides precise, real-time location tracking, eliminating third-party dependencies. This solution reduces costs and enhances reliability for seamless location-based services.

- **Cost Savings:** Eliminates dependency on Google APIs, reducing operational costs
- **Seamless Tracking:** Provides precise GPS tracking without third-party reliance
- **Scalability:** Built to scale for growing user base and increased data loads
- **Web-Based Technology Sockets**: Enables enhanced real-time monitoring with seamless, live data updates.
- **Independent GPS Integration**: Utilizes direct GPS coordinates for precise location tracking without reliance on third-party APIs.

CUTTING EDGE FEATURES

Lightening Fast Reports

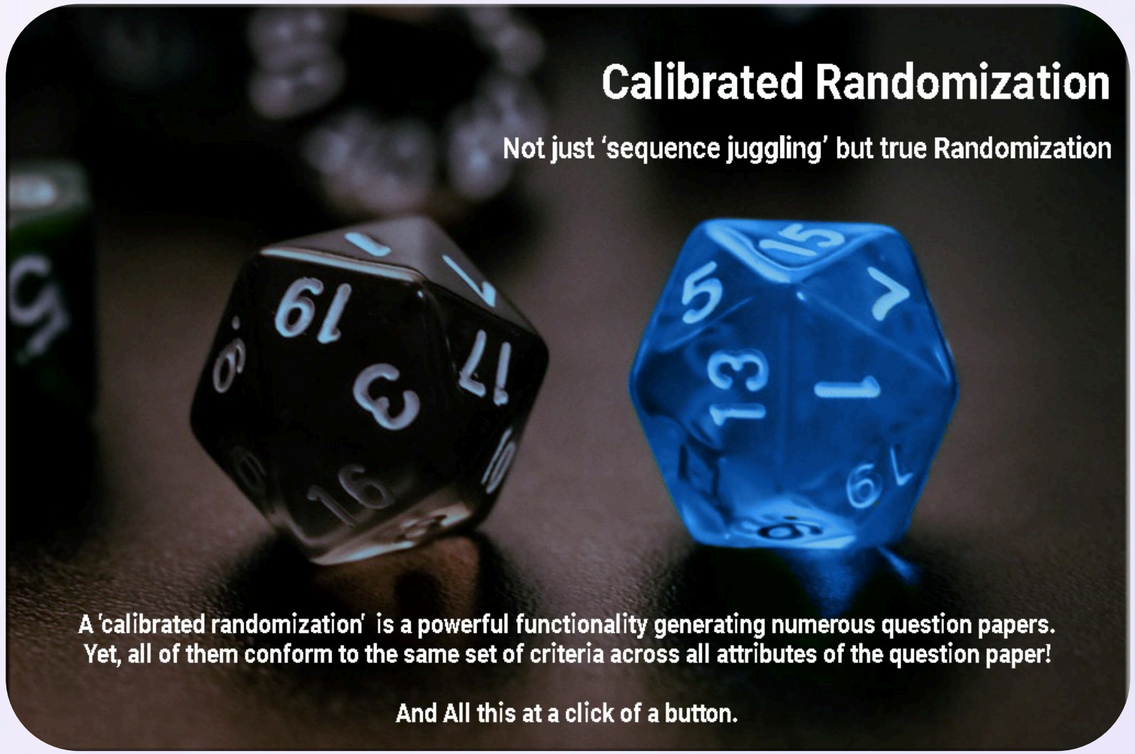

6 Million records populated in less than 90 seconds

Meeting the Gold Standard for Accounting Reports

Impeccable internal consistency in matching reports

CUTTING EDGE FEATURES

Calibrated Randomization

Not just sequence juggling but true randomization

Transport Invoice & Payment Automation

Auto Assign of routes & invoice generation instantly

UPGRADE YOUR SCHOOL OPERATIONS — WHAT'S NEW

From e-ticketing and grievances to dashboards, pre-approved SMS and batch reports — new modules to run your school smarter.

E-Ticketing

Turn every query into a trackable ticket.

- From raised to resolved — one organized digital queue.
- Raise it in seconds: Parents, staff and students log any query in one place.
- Routed to the right owner: Every ticket has someone responsible, so nothing slips through.
- Tracked to closure: Live status at every step, with the full history on record.

UPGRADE YOUR SCHOOL OPERATIONS — WHAT'S NEW

From e-ticketing and grievances to dashboards, pre-approved SMS and batch reports — new modules to run your school smarter.

Module-wise Dashboards

See every module, live, at a glance.

- Live insights for every module — with no manual reporting.
- A dashboard for every module: Fees, attendance, admissions, HR and more, each in its own view.
- Always live: Numbers update as the work happens, not at month-end.
- No reports to build: Skip the spreadsheets, because the insight is already there.

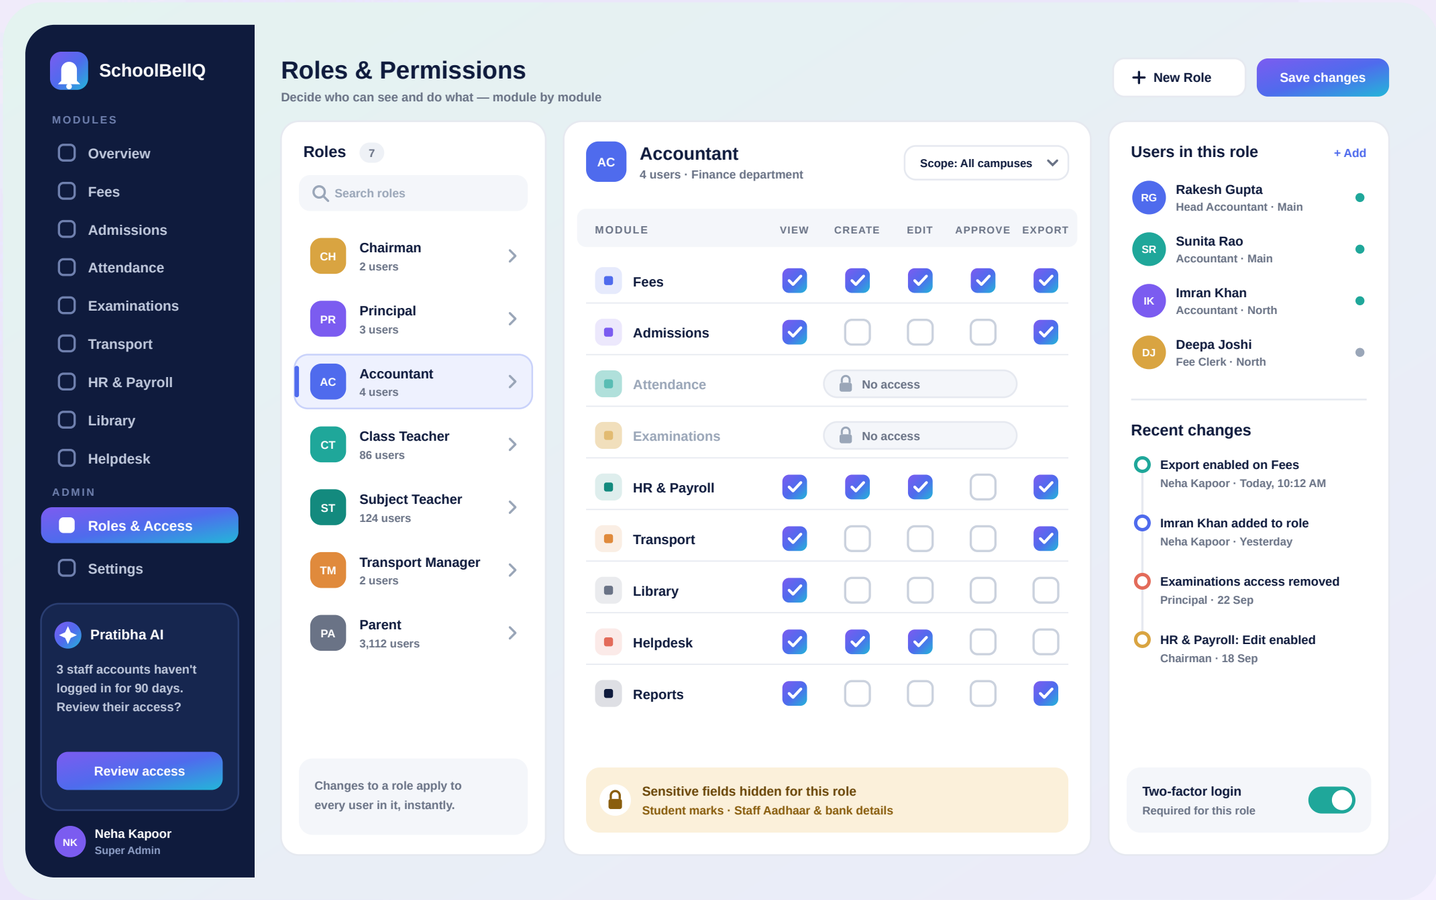

UPGRADE YOUR SCHOOL OPERATIONS — WHAT'S NEW

From e-ticketing and grievances to dashboards, pre-approved SMS and batch reports — new modules to run your school smarter.

Role-Based Access Control

Exactly the access each user needs.

- Nothing more, nothing less.
- Access by role: Principal, teacher, accountant and parent each see their own view.
- Sensitive data stays protected: Salaries, marks and records reach only the right people.
- Managed from one place: Grant, change or revoke access for a whole role at once.

UPGRADE YOUR SCHOOL OPERATIONS – WHAT'S NEW

AI Timetable Automation

Complex Timetables. Made Easy.

Facing challenges in timetable scheduling? | **Last-minute teacher absences?** | **Uneven workload? Manual errors?**

Let AI handle it—smartly and instantly.

Quick Timetable Generation
Create class-wise & teacher-wise timetables in minutes

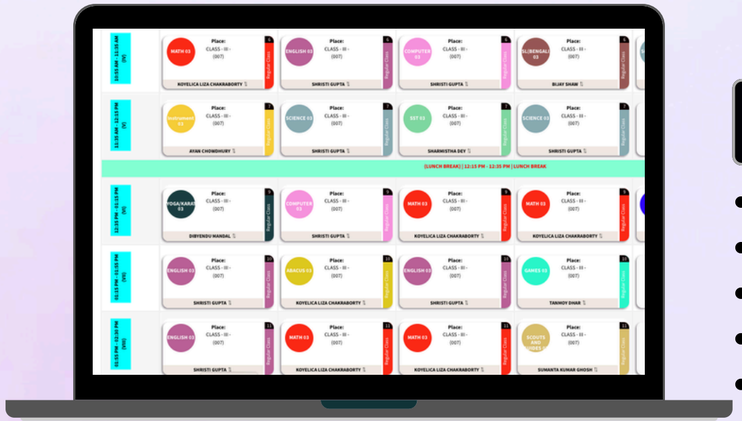

Seamless Scheduling
No clashes. No overlaps. Perfect balance

Smart Workload Distribution
Fair & transparent teacher allocation

Substitution & Leave Management
Auto substitution during teacher absence

Combined & Optional Scheduling
Practicals, electives & double periods handled intelligently

Conflict Resolution
AI detects & resolves timetable conflicts automatically

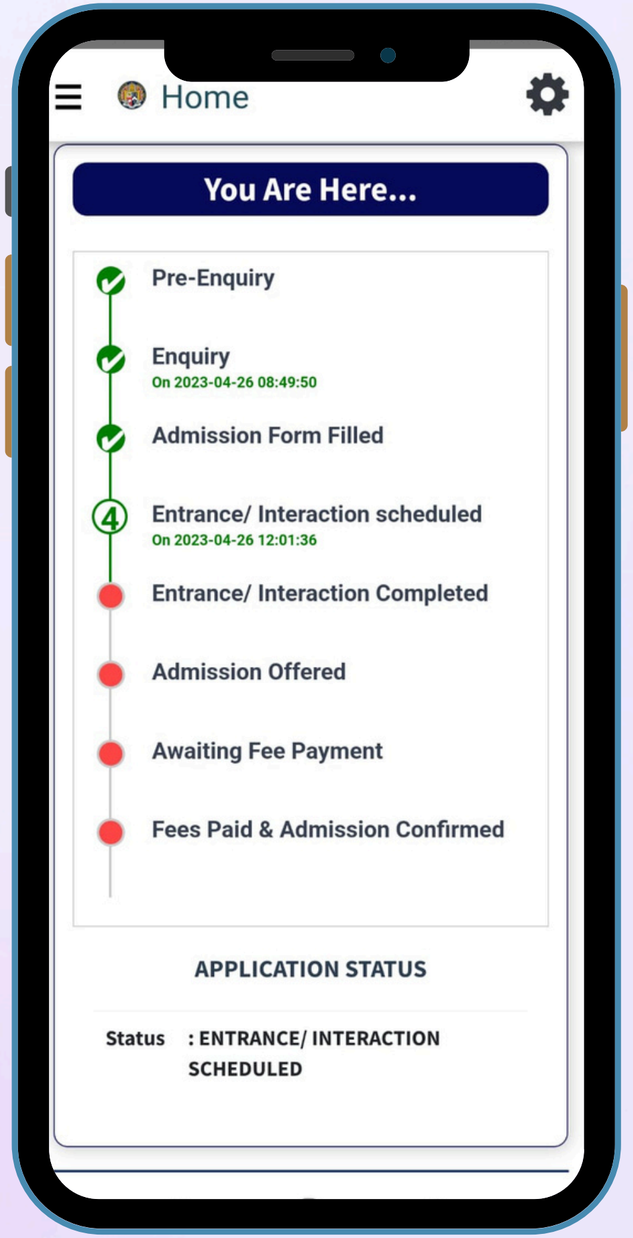

Easy Input. Zero Complexity
- Simple input matrix
- Subjects & classes per week
- Teacher allocation per class
- Intelligent handling of practicals
- Auto & manual substitution options

Brilliant Output
- ✔️ Beautiful visual timetables
- ✔️ Class-wise & teacher-wise reports
- ✔️ Easy manual adjustments
- ✔️ Seamless sharing with staff & students
- ✔️ Instant email alerts

Bonus: Teacher Appraisal Insights
- Auto-substitution tracking
- Lecture count vs class performance
- Leave & absenteeism data
- Data-driven appraisal support

App At Enquiry Stage For Higher Lead Conversion

Get parents on the app right from enquiry stage

Enhance, maximize admissions with our lead management solutions

Get parents on the app right from enquiry stage

Combine Social media with digital marketing

Generate unique links for counsellor

Plan and execute campaigns with a Bespoke approach, tailoring each strategy to meet the unique needs and preferences of your target audience.

1. Mount Campaigns Through Bespoke emails
2. Execute Email campaigns
3. Reach Out To Potential Prospects
4. Log For The Mails Sent And Received By Client

BESPOKE

By combining tailored strategies, email campaigns, proactive outreach, and meticulous logging, you create a holistic and effective approach to engage with potential prospects and achieve your campaign objectives

AI Enabled Timetables

- Easy Scheduling
- Auto Substitution
- Linked with HRMS

Define Class & Subject

Define Teacher, Room and Other Rule

Make your scheduling preferences

Click on 'Auto generate' and let the magic begin

Features of our AI-Powered Timetable System

- Instant generation of class-wise timetables
- User-friendly interface for easy manual adjustments
- Four diverse timetable views available:

1. Class-wise Timetable Report
2. Teacher-wise Timetable Report
3. Room-wise Occupancy Report
4. Subject-wise Timetable Report

- Seamless distribution of timetables to staff and students
- Automated substitute assignment for teacher absences
- Swift SMS and Email alerts for relevant stakeholders

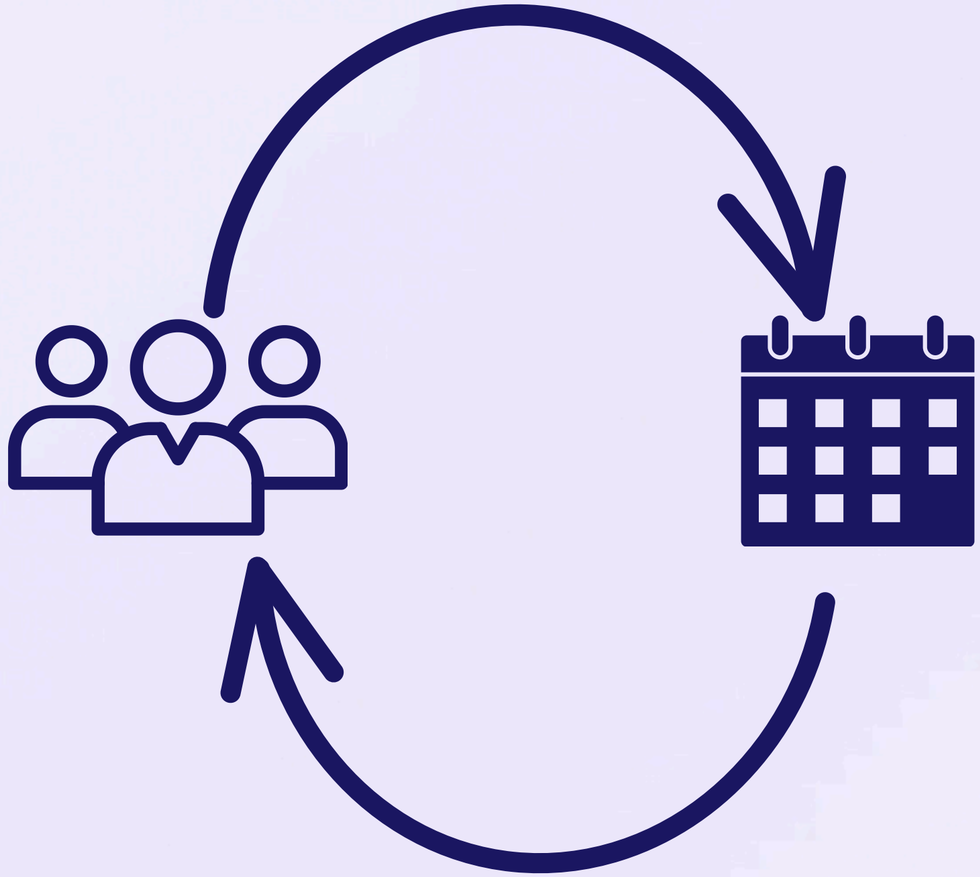

Timetable And HRMS

The fusion of artificial intelligence (AI) and human resource management systems (HRMS) has brought about a paradigm shift in educational institution management, exemplified by AI-enabled timetables—a groundbreaking advancement transcending conventional scheduling, with profound effects on teacher evaluation and substitution oversight.

1

Scheduling

Auto- sync attendance for precise timetable scheduling, Streamline payroll, saves time.

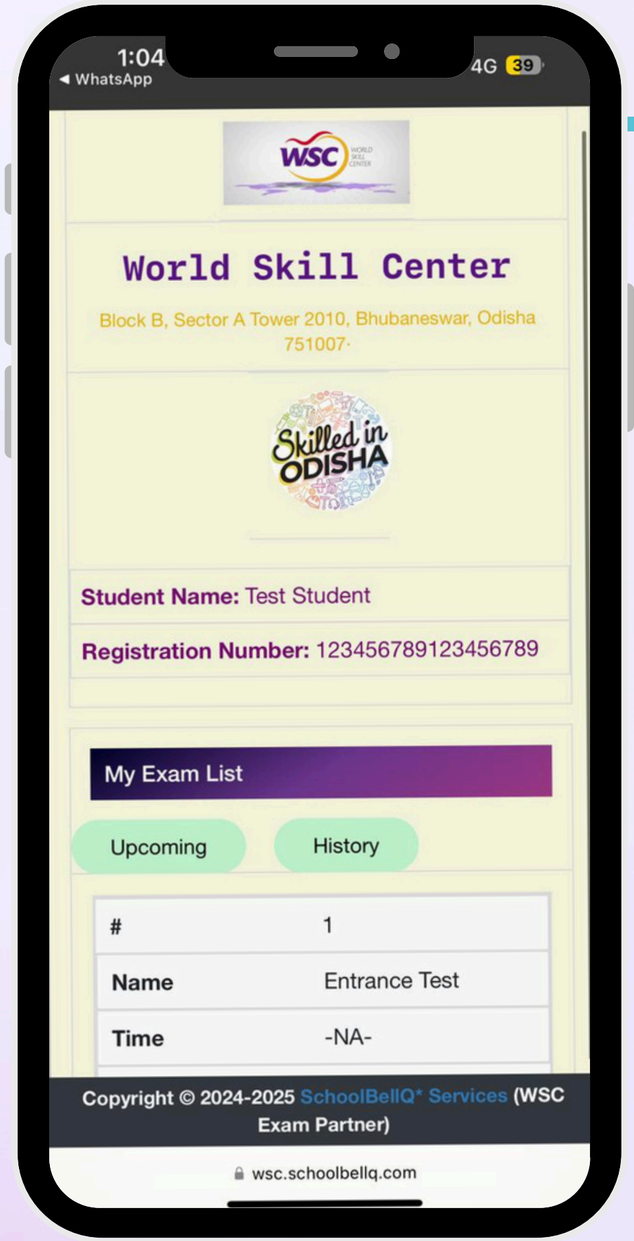

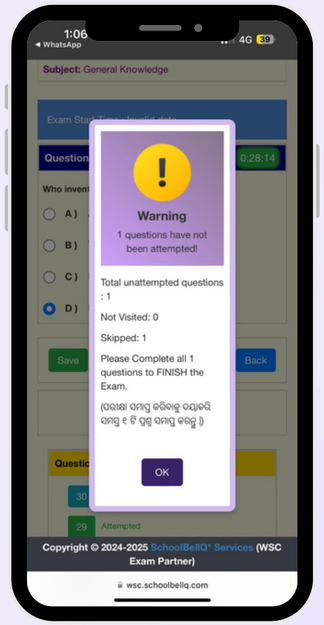

2

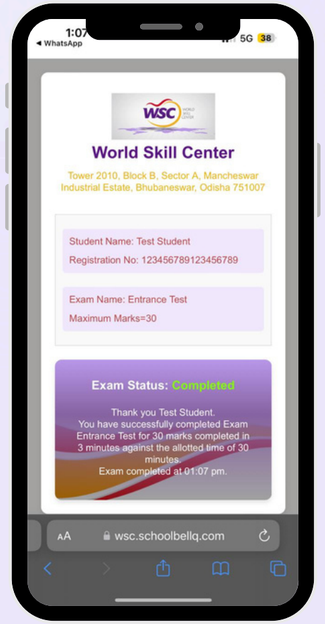

Performance

Knowing the number of substitution classes for a particular teacher can affect their performance.

ONLINE TESTS

- Streamlined platform for seamless, intuitive test creation & administration.
- Supports diverse test modes: MCQs, descriptive, & reading comprehension.
- Real-time evaluation via pre-fed 'correct' answers.
- Includes screen-time & concept knowledge-level insights.
- Strengthens weekly learning, boosts engagement, & promotes subject interest.
- Centralised online question repository.
- In-depth attribute-based analytics.
- Detailed post-test diagnostic reports.
- Instant result computation.
- Observation of screen behavior.

① Ready to use cbse k-12 question bank

- The Enriched CBSE K-12 question bank offers a comprehensive & diverse set of thought-provoking questions.

② Chapter wise and micro tagging

- Chapter-wise tagging also assists educators in designing more targeted lessons & assessments, aligning with specific learning objectives.
- The chapters are further divided into sub tags, focusing on specific headers from that particular chapter only.

③ Improving the Weak Areas

- Categorizing questions based on learning level and difficulty level helps in understanding students' proficiency and readiness.
- The approach of categorizing questions based on difficulty level encourages gradual progression & skill development.

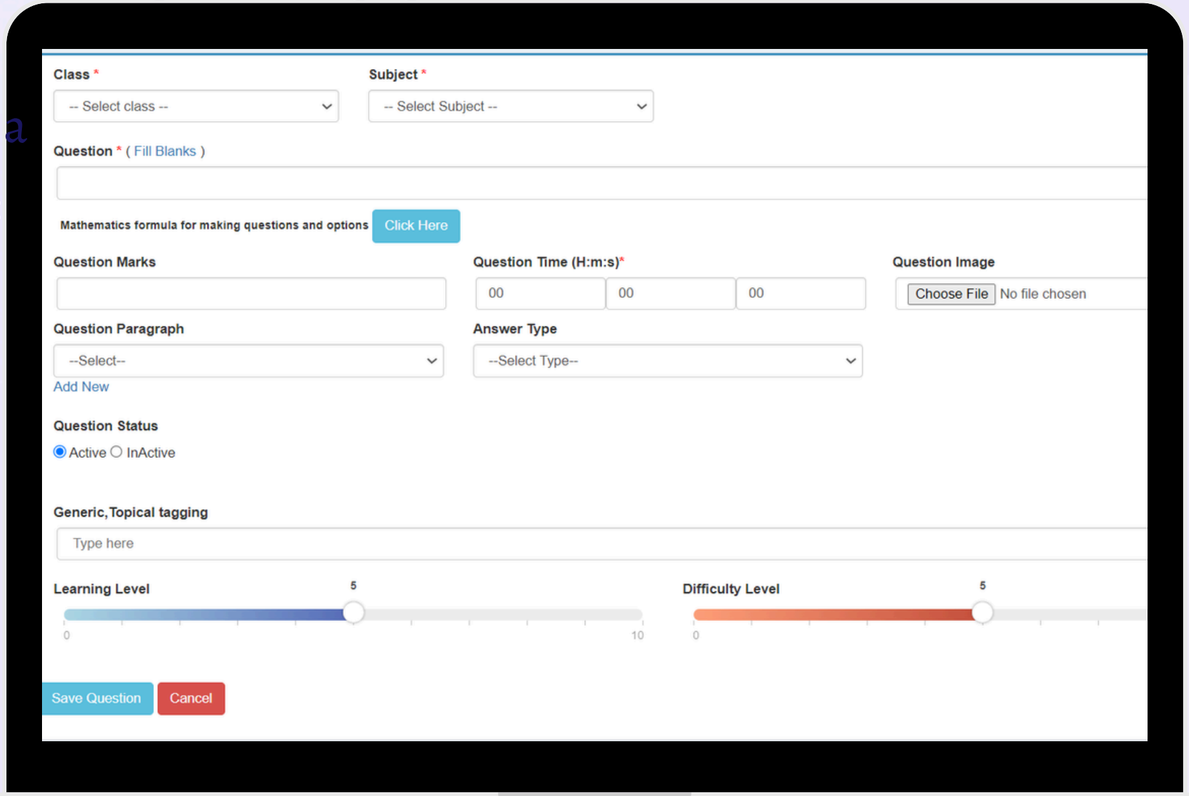

④ Safeguarded against cheating

- AI proctoring ensures 100% cheat-resistance during exams, eliminating the possibility of dishonest practices.
- It tracks eye movements, facial expressions, typing patterns & other indicators to identify potential cheating attempts.

CALIBRATED QUESTION PAPER

Introducing an innovative method for generating randomized question paper sets. The manual creation of randomized question sets in any desired quantity has never been accomplished before. Nevertheless, our system presents a one-of-a-kind solution in one click that ensures the following:

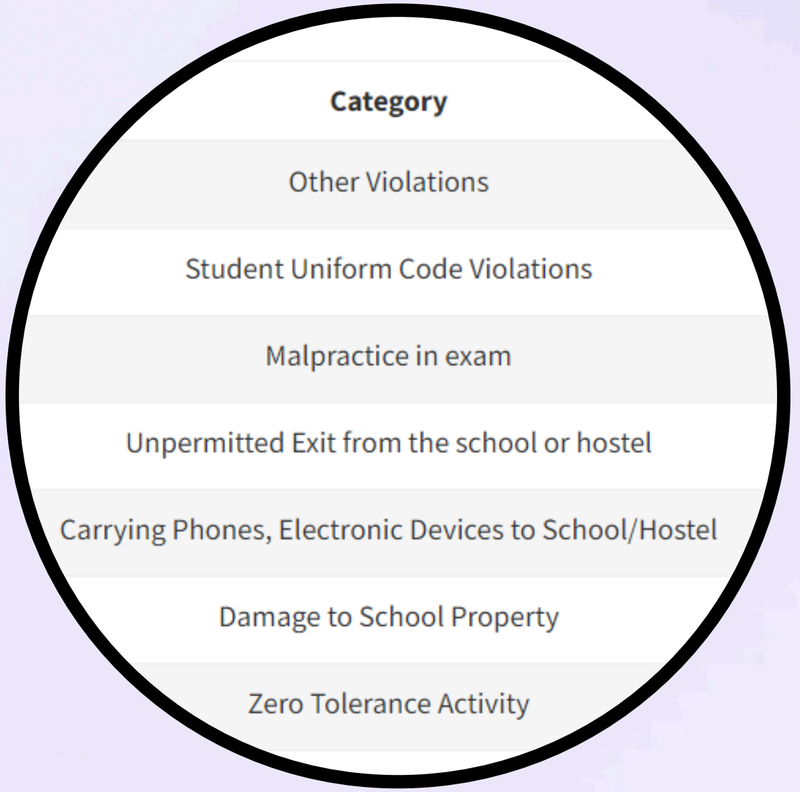

- Every student will receive a unique question paper.
- All question papers will strictly conform to the same standardized criteria.

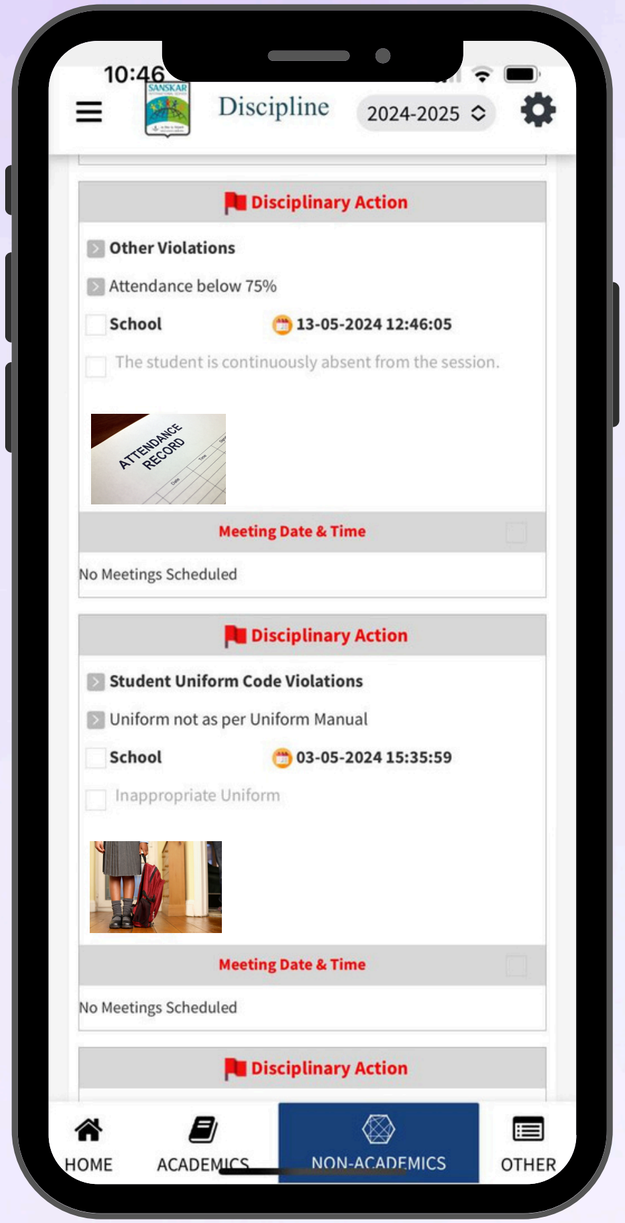

Here are two key reasons why our online testing platform is so effective:

- Our proprietary algorithm tailors questions to the user's specific purpose, ranging from a beginner's "Learning" level to an advanced "Difficulty" level.
- The sequence and selection of questions is carefully orchestrated, resulting in a comprehensive and well-rounded educational experience for students and test-takers alike.

DISCIPLINE MANAGEMENT

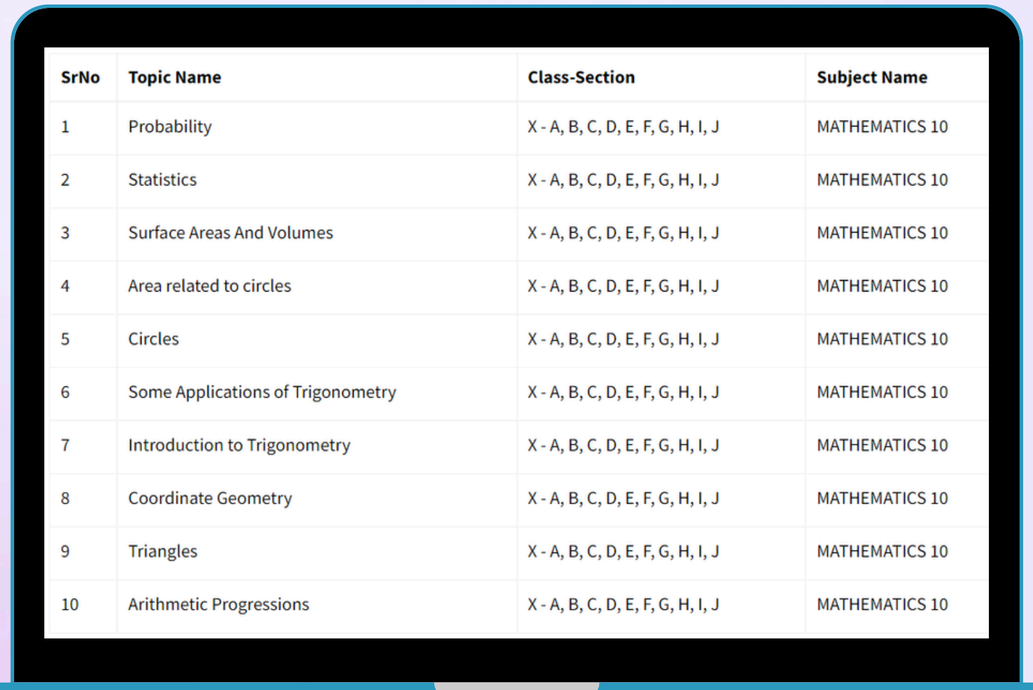

- Helps user to define various categories and sub categories of incidents.
- Incidents can be reported to various pre defined mentors
- Reported incidents immediately reflects in the parent application as well as in mail.
- Detailed report with evidence can be recorded.
- Any kind of disciplinary action can be defined from the front end and the same can be levied by the mentors.
- Can Schedule meeting with parent.

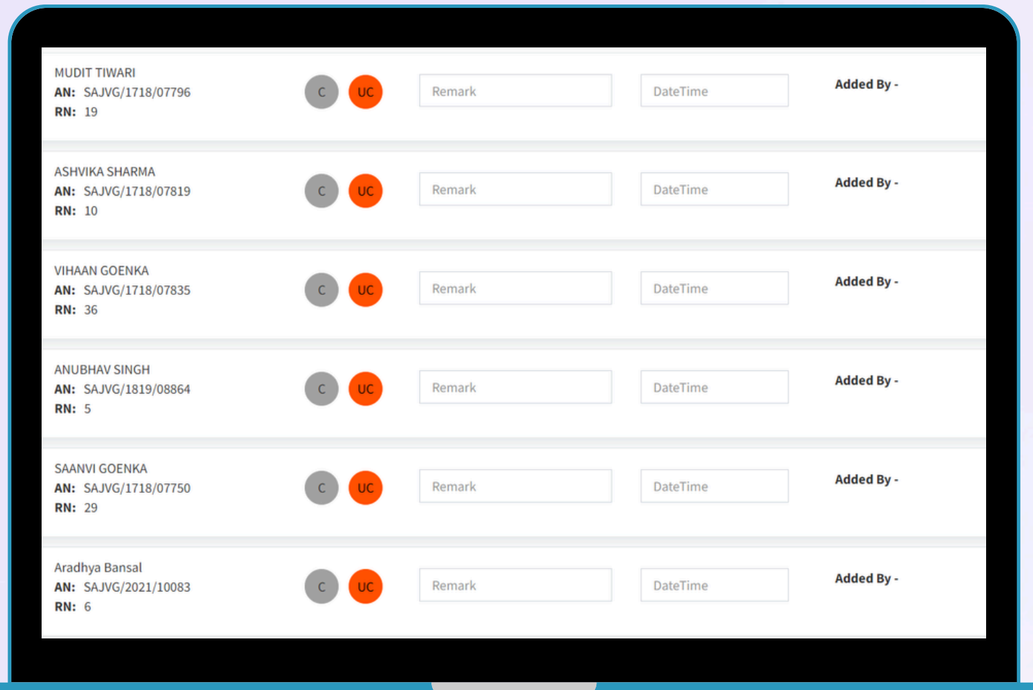

COPY CHECKING MANAGEMENT

- In copy-checking management, organizations can track teachers status of copy checking for particular chapter and topic, enhancing their credibility and communication effectiveness.
- Teachers can maintain a record of students copy checking for each topic she will cover.
- Teachers can add remarks for each entries at individuals.

SrNo	Topic Name	Class-Section	Subject Name

What the Video Showcases

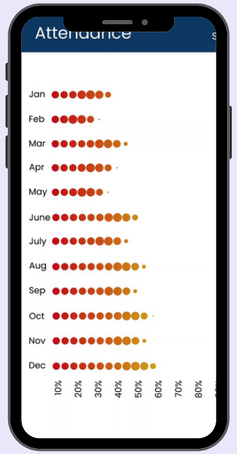

- 📘 *Academic performance*
- 🏆 *Sports & extracurricular achievements*
- 🎭 *Events & activities participation*
- 💬 *Teacher remarks & observations*
- 📈 *Overall progress & milestones*

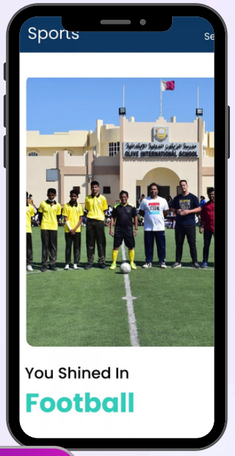

An entire year of achievements — beautifully captured in one personalised video.

- *One personalised video per student*
- *Entire academic year captured in a single video*
- *Holistic progress view – beyond marks*
- *Covers Academics, Sports, Activities & Events*
- *Includes teacher remarks & insights*
- *Custom-made and exclusive for every child*
- *Easy for parents to understand & remember*
- *Emotionally engaging, visually impactful*
- *Perfect for result day & parent delight*
- *Turns data into a powerful storytelling experience*

A truly holistic view of student development.

Student One Dashboard

- Single point to access to complete 360 degree of a student
- From Academics profile to fee profile, from personalised teacher's remarks to extra curricular participation everything under one place

CHAIRMAN'S DASHBOARD REVIEW

- Student Count - Reconciliation, daily admissions, TC and Net Increase in student strength in School.
- Operational Key data - Teacher's On Leave, Upcoming Exams & ECA Activity & Daily Student Attendance.
- Summary of homework & study materials assigned to students on daily basis with complete drill-down.
- Key daily performance parameters like Enquiries, lead Generation, Registration & Admissions.

- Quick Access to Notices posted in school, Pics of events in the school and quick links to key MIS reports that can be customised as per the user.
- Fee Defaulter summary for all quarters/months
- Complete Unpaid Invoice summary with deep drill-down feature on a single click
- Fees Concession summary with quick access to details.

LEAD MANAGEMENT, PRE ADMISSIONS

- Lead Generation Digital Marketing Campaign
- Lead Conversion with CRM
- Optimising digital marketing Performance

Lead Management Integrated Digital Marketing with CRM

- Pre-admission Module
- Admit Card ID Module
- Integrated Fee Management for New admissions
- Approval Mail Received by the Principal
- Invoice Concession approval
- Invoice for parent to pay

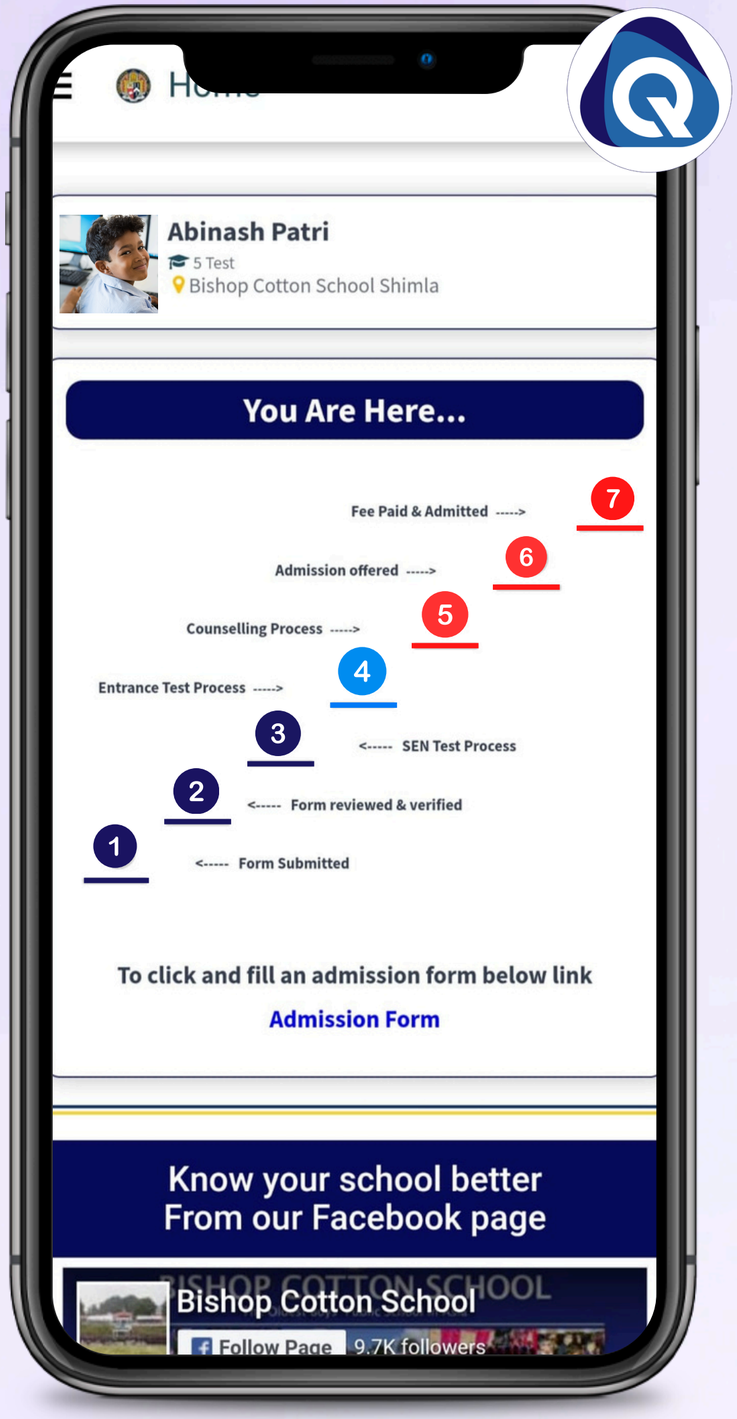

Pre-Addmissions, Admissions

- Create custom links
- Leads from multiple Sources
- Lower TAT between Lead generation & Closure
- Constant Connect with parents
- Counsellor Performance measurement

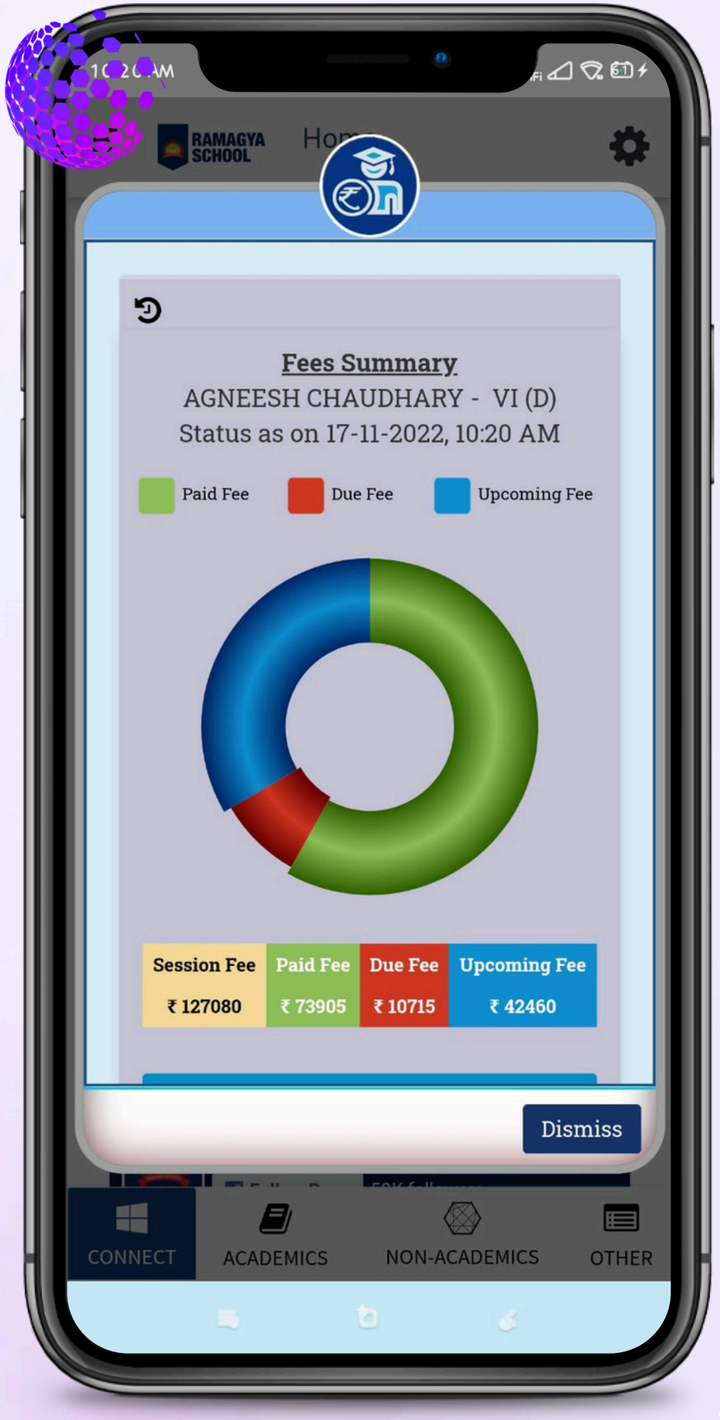

Lead Management

- Enquiry & Prospectus Module
- Automated Workflow for Admissions
- Ready to use tests available for online admissions
- Online proctoring, Auto- Evaluation, Varied question formats
- Admission Test Result Publication

Enquiry, Online Tests, Results

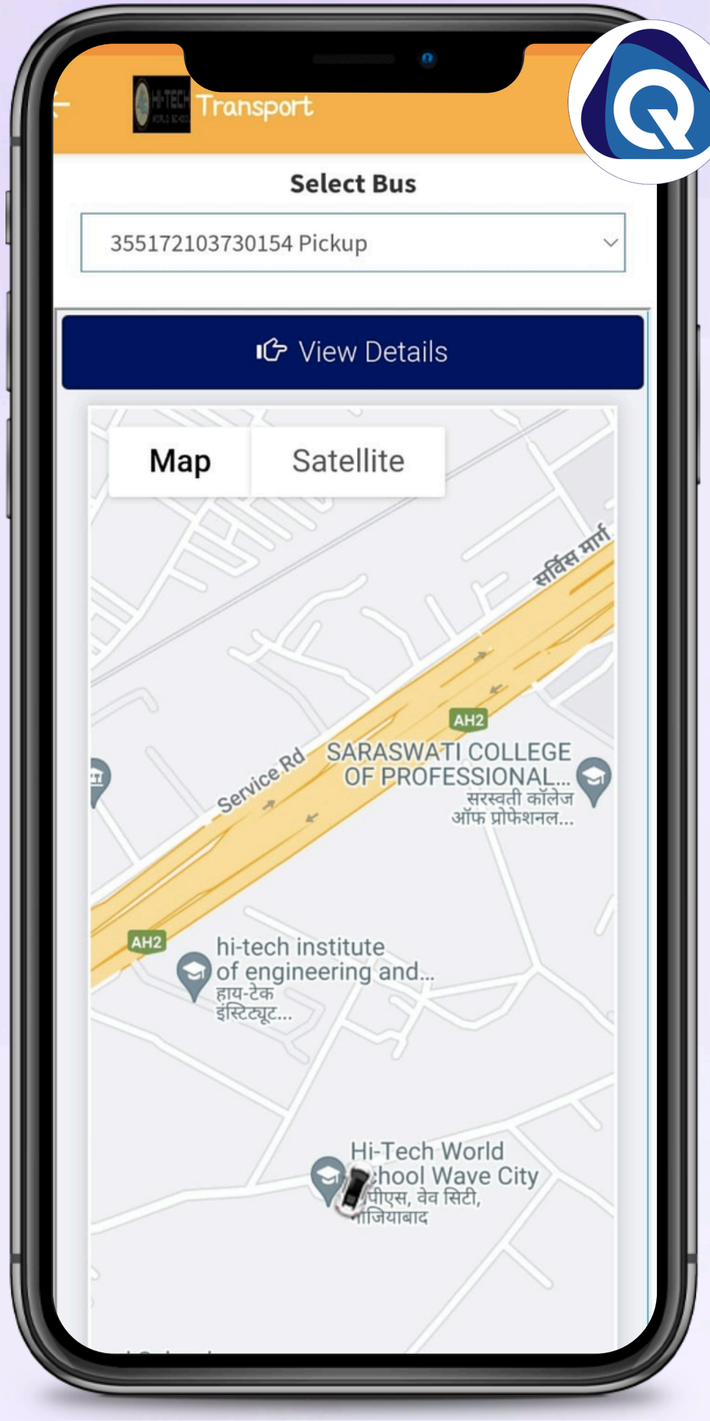

FEES MANAGEMENT

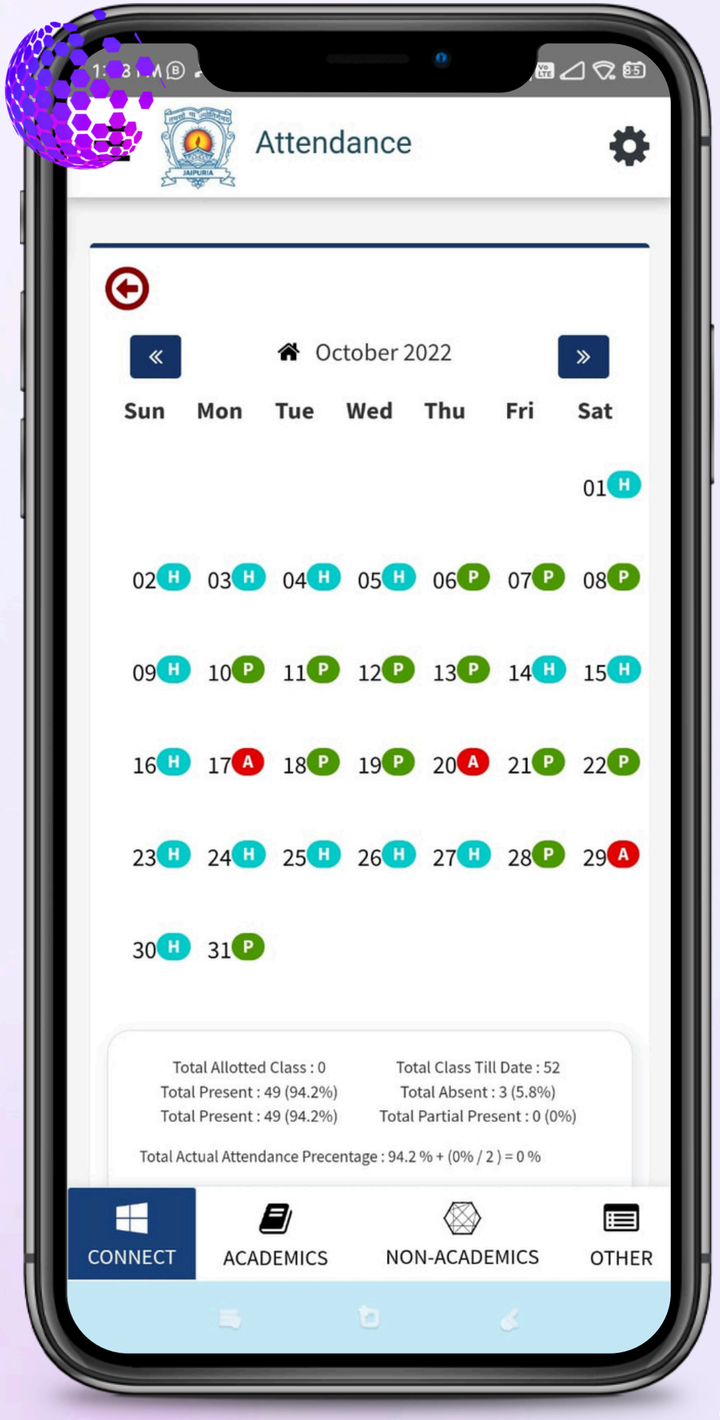

- Fee Dashboard
- Fee Management
- Tally Compliant & Integrated
- Discount & Online approval Functionality for Admission Fees payment
- Deferral or Partial Payment Online for Admission Fees
- Exhaustive Reports
- Fee Notifications
- Reporting & MIS
- Admin Platform - Easy Collection of Pending fees across sessions through Single Unified window
- Parent's App - Single Unified window in the SchoolBellQ* App for Payment of Pending fees across sessions
- Credit note
- Advance Fees Payment
- Speed prowess- 6 million fields report
- Accuracy prowess - 3 reports internal consistency matching (student fee new report, daily fee collection, class wise MIS (matching with difference in 2 reports to arrive at daily collections report)

TRANSPORT AUTOMATION

- A holistic transport management module encompassing Bus, Fleet, Route and corresponding fees linked to the students.
- Complete details of the Bus including Driver details, Photo, contact details ad GPS Id etc with assigned route to ply
- Bus Routes can be composed by assigning multiple stops.Route staff like driver, helper & Guard can be allocated.
- Bus stops with the GPS location with precise lat-long and distances can be defined on the route and financial charges be assigned.
- Route & Stop Allocation with financial linking
- Auto Allocation of Transport - Parents can choose their stops for pickup & drop locations
- Auto Invoice generation & assignment

CLASS MANAGEMENT

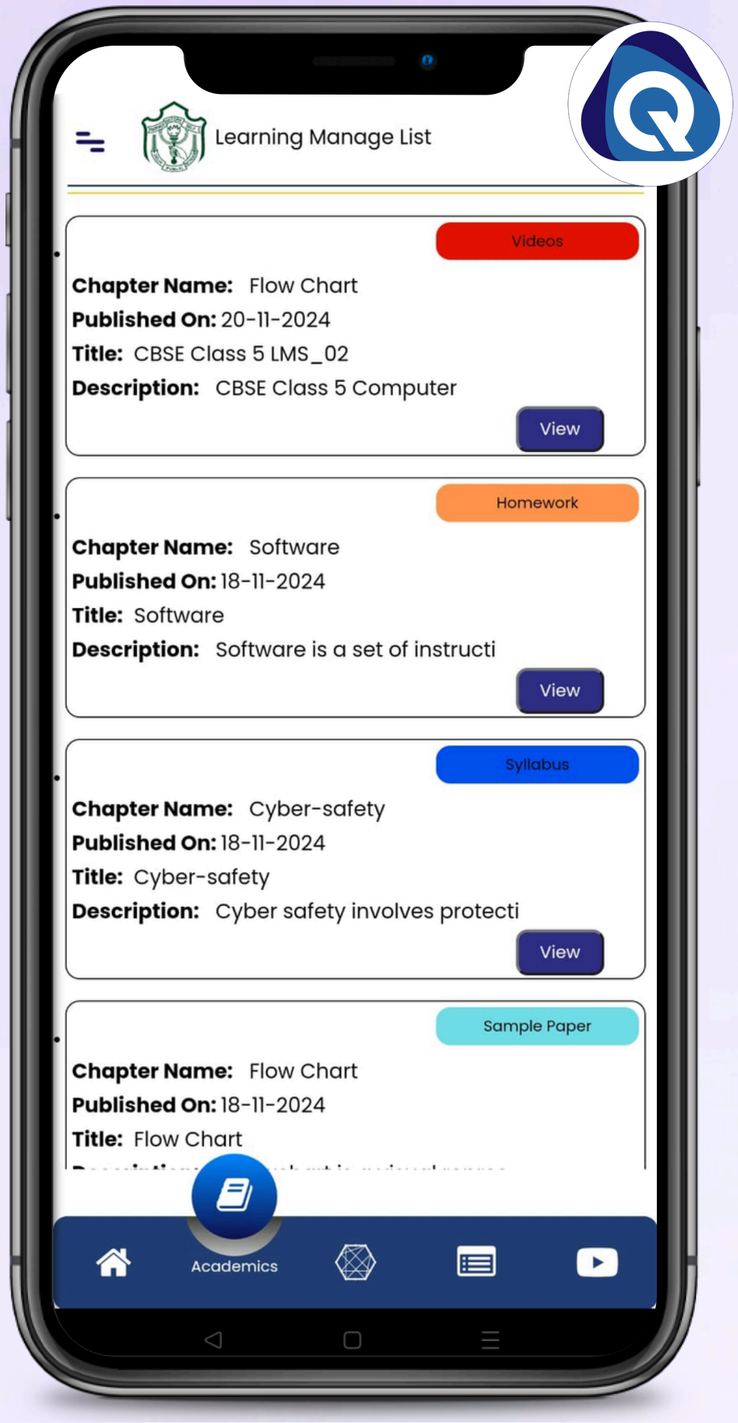

- Assigning & Re-assigning Roll numbers
- Attendance Management
- Attendance Report Analysis
- Temporary ID Cards
- Gallery Management
- Student Teacher Chat
- Diary Management
- Extracurricular Activities Management
- Co-scholastic certificates
- Close looping Homework
- Syllabus Planning integrated with timetable
- Unit & Lesson Plan Management
- Report Card Automation
- Student Analytics Report

CLASS MANAGEMENT

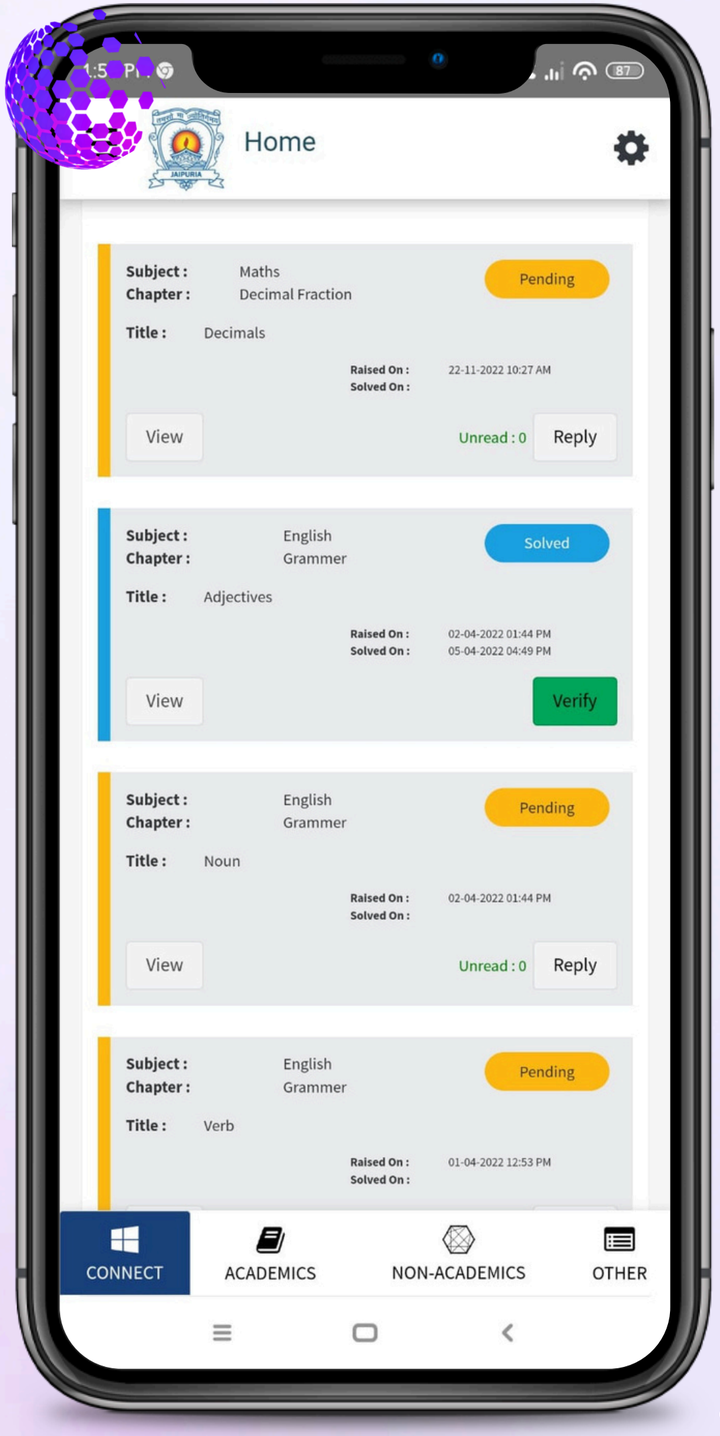

- Assign Subject
- Manage Syllabus

- Re-Assign Roll No
- Lesson Planning
- Circulars
- Event Gallery
- Add Exam
- Attendance

LEARNING MANAGEMENT SYSTEM

- Organize Learning resources to provide easy access to students
- Rich functionality that allows Actions like View, Evaluate, Reminders, Custom messages, Download each homework or worksheets.
- Annotate submissions without download feature
- Lucid & intuitive UI
- Easy Search Filters & Indexing
- Confidentiality of Proprietary material
- Multiple Formats & types
- Rating & Review by the students
- Exhaustive Reporting

DOUBT MANAGEMENT

- Doubt List categories (Pending, Verified, Solved)
- Teachers can schedule doubt clearing meeting directly from our system.
- Close looping the communication through receiving a "verified" status once the student checks it.
- Support extended beyond classroom
- Increase Student - Teacher performance

INVENTORY & UTILITY MANAGEMENT

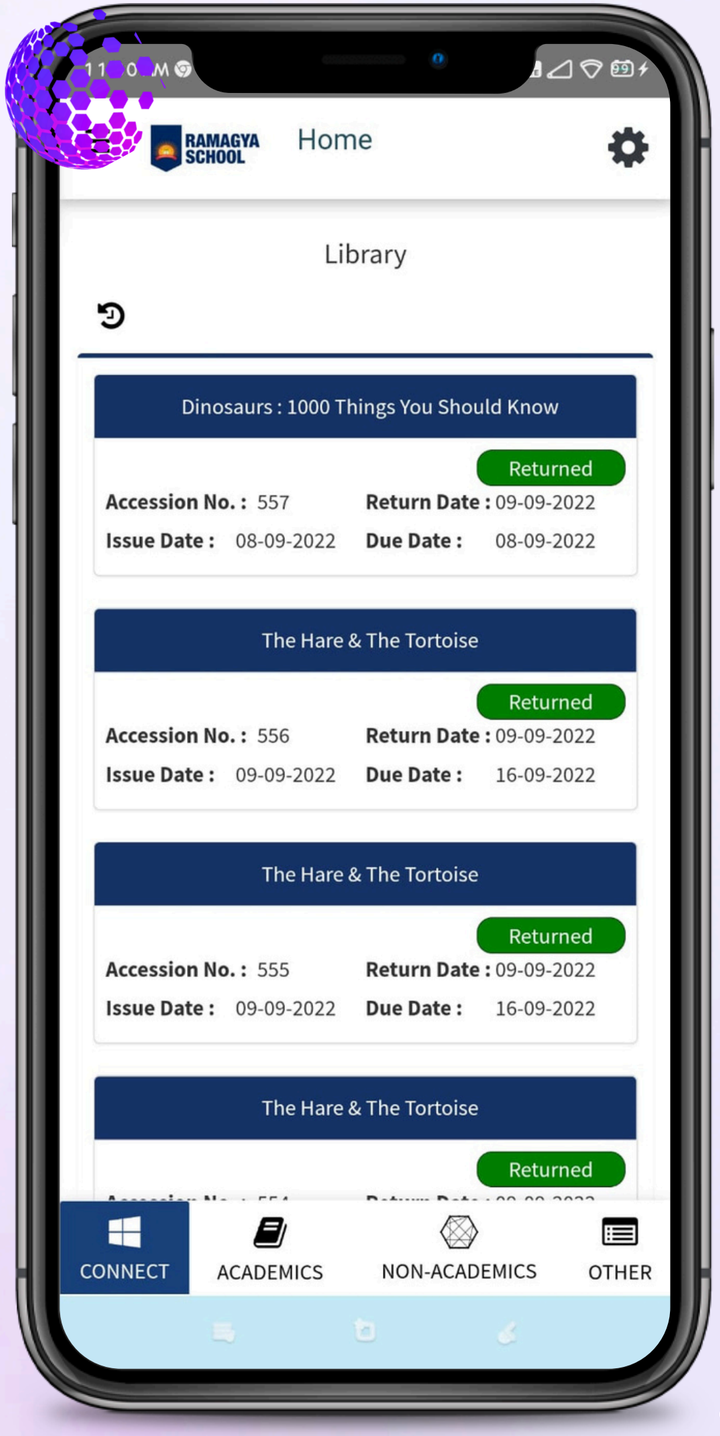

- Allows school to receive Uniform, Books etc. as Inventory item and issue them & receive payments
- Creation of multiple item type and define individual stock level.
- Critical feature like Inventory valuation at different price points for the same item
- Features like Re-ordering level and minimum balance concepts already built in to facilitate
- Fully functional Reporting module with multitude of reports , item-wise & Dept wise consumption, Stock arrival, Rejected items report etc

- Facilitates The Selling Of School Materials Online To The Parents
- Multiple Relevant Books & Stationery Sets With Various Subject Combinations For Each Class
- Automated fee collecting
- Defining Composition Of Packages And Mapping To Classes
- Offered For Sale To Parents Online

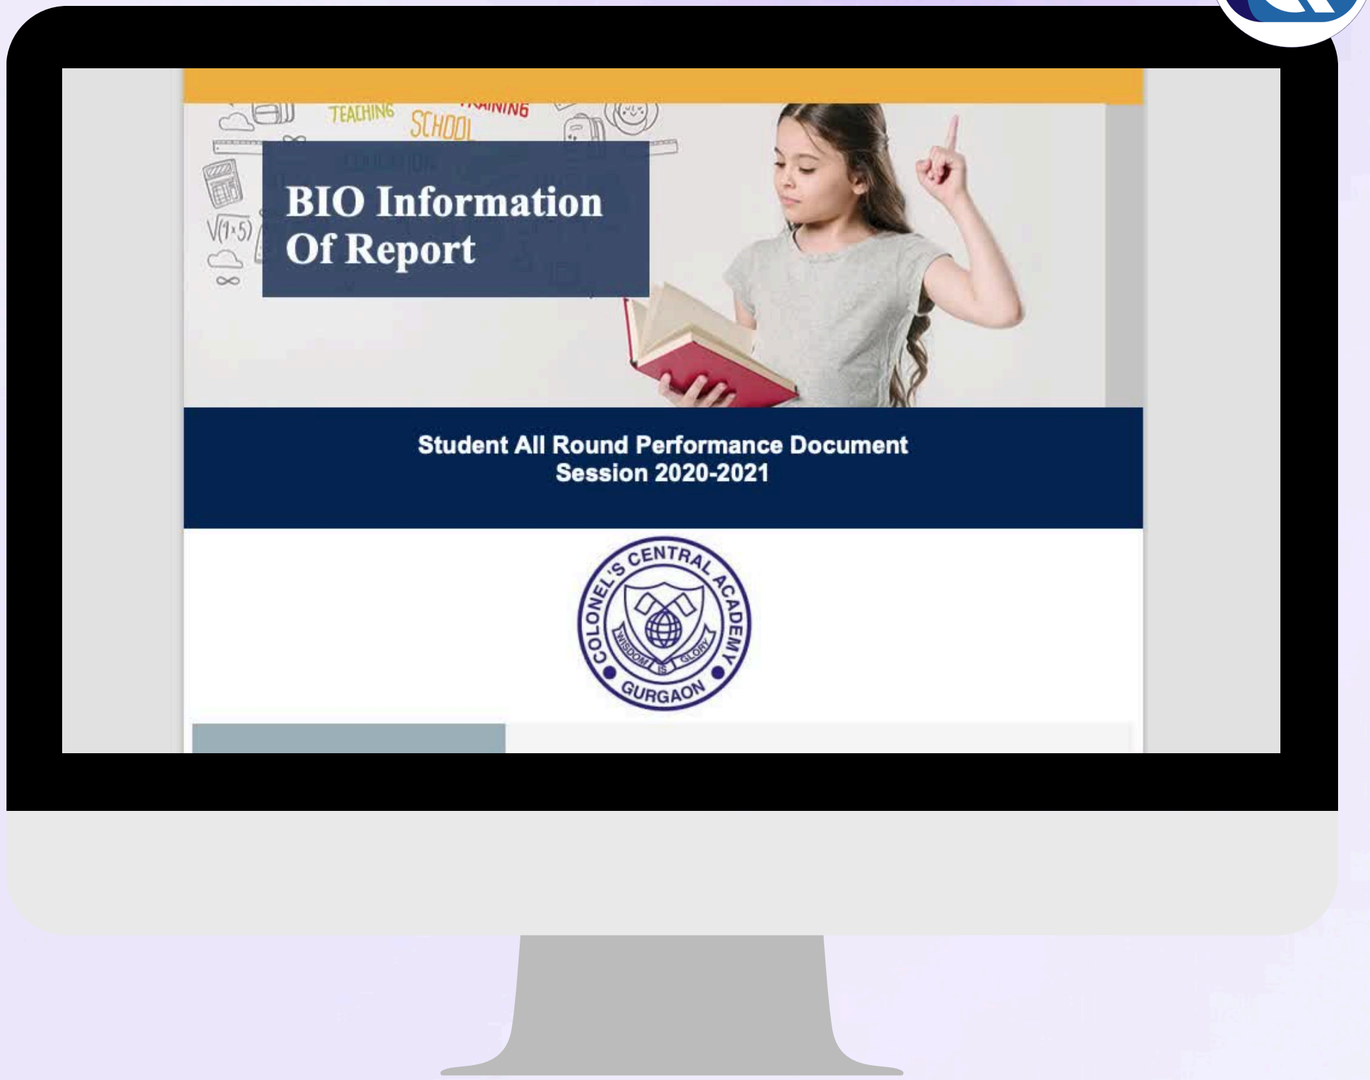

LIBRARY MANAGEMENT

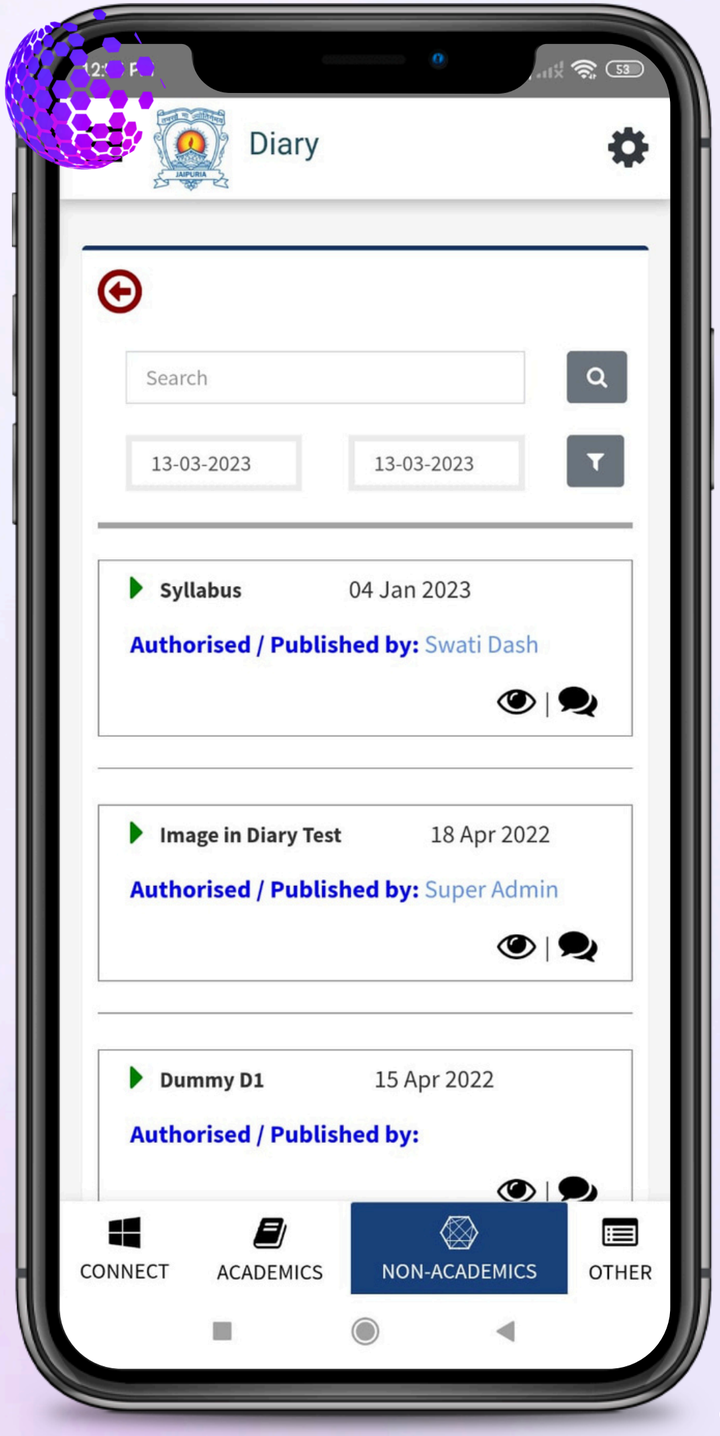

- Comprehensive Library management module with intuitive and easy to use UI with no limit on the fields
- Books to be uploaded along with auto-FINE calculation and integration with main fees.
- Generating BAR code & Option to add books with BAR code
- Adding and maintaining newspaper register
- Status check of verified, unverified and discarded books list
- Book availability and issue reports.

STUDENT ANALYTICS REPORT

- ESM REPORT
- Individual Trend And Class Comparison
- ECA & Sport Participation
- Medical Incident Report
- Medical Incident Report
- Class Bench Marking
- Rank Table
- Attendance

STUDENT'S COMMUNICATION

- Auto Alerts for circular publishing
- Manual Publishing/Scheduled Publishing.
- Multiple Circular Media Type Support
- Read-Receipt Feature.
- Unpublish feature
- Whatsapp Notification

- The notifications are fired through all three channels, namely SMS, Email & App Notifications.
- Three categories of Notifications - Regular/ Important/ Extreme Urgent
- Delivery Report.
- Single Click Trigger
- Auto-generated notifications

- Just like traditional diary teachers can update information about academics, extra-curricular and regular activities.
- Read receipt feature allows teachers to see which parents have read the diary.
- Multiple Media Type Support.
- Rich text features available in the editor
- Student - Teacher chat available

- Our system delivers personalised fees notifications that give a significantly better impact on payments
- The bulk sms notifications are personally marked with name, invoice number, student name, amount.
- Every Parent gets a personalized payment link enabling payment in a single click in mail or SMS.

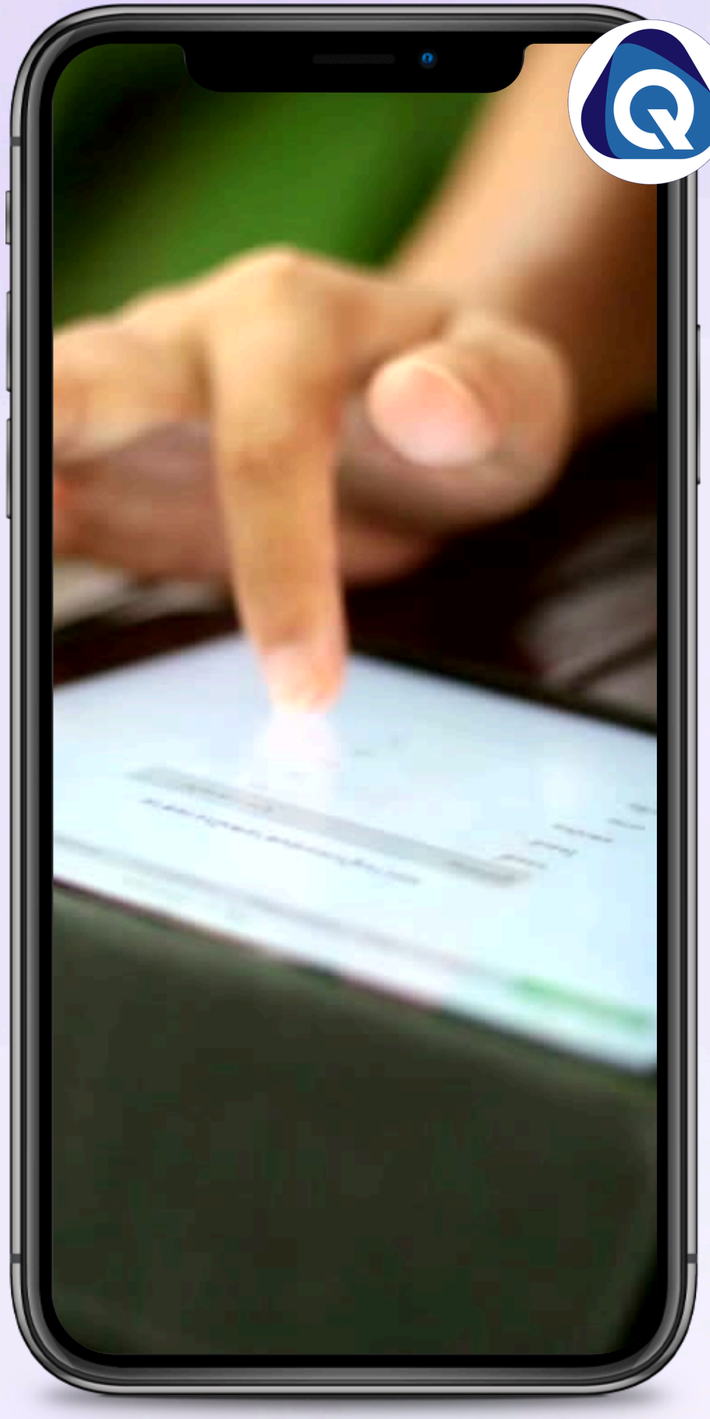

TIMETABLE AUTOMATION

- Auto replicating takes care of absenteeism.
- Teacher availability reports or occupancy reports to help schools plan and schedule better.
- Gives instant access to all teacher's details including Date of Joining, Retirement, Qualifications & allows to manage timetable.
- Teachers can apply leaves which get directly into the time table indicating the affected classes.
- Micro-scheduling in time table with the chapter & description of content planned to be covered.
- Combining' Class Feature (combine class to make up for a teacher shortage/Leave).
- Optional Subjects based time-table ensuring students see only the relevant optional subjects chosen by them.
- Reports based on Teacher Workload distribution.

CUSTOM REPORT CARD

- Amazing new feature that empowers the teacher to design report cards with simple drag & drop.
- Teachers can do as many iterations effortlessly to arrive at their perfect Report card, that too without the IT developers.
- Get Ready to Print files for Report Card - automatically for CBSE or any other board as per your requirements.
- Ability to take YOUR 'Detailed Report Card' online through our technically superior Coding team to deliver automated Report cards as pr CBSE specification.

YOUR APP YOUR BRAND

Get your own app on play store & app store

- We have developed a unique ability to make fabulous customised apps in your school's name, flaunting your name and boosting the school's brand.

- The school can choose the name and logo, and our team will launch the same in the App Store and the Google playstore.

- We will further back it up with complete branding support of the school's custom website for the app in their URL and the comprehensive back-end customer support for a password resolution.
